What [User](#) likes about New Horizon: they do not condemn it by a simple interior. I had an amazing butter chicken here, the best Indian food I ever had in South America, and one of the best outside India. Very nice host who speak English. If they are looking for great Indian lunch in the inner city of Santiago, don't look further. [read more](#). What [User](#) doesn't like about New Horizon:

They call themselves Indian restaurant but the food does not have any Indian flavors, was served tomato paste curry for what they called Prawns masala, you can try Swagat instead if you are in downtown Santiago. Naan is also pretty ordinary. Not enough seating place so feel as if it is quite famous with crowds waiting outside. [read more](#).
