great, great place! very cozy and authentic. the menu is handwritten. the cook needs the time to explain everything to them and is not shy to talk about something else and the prices are absurd cheap. this is a restaurant that does not exist to make money from tourist, but only for the love, almost a home away from home.

puerto rico arenas can be very touristy, but this place is a true gem. thanks marcelo! [read more](#). What [User](#) doesn't like about Sabores De Mama:

A bit disappointed and can't agree with the 5 star reviews. The menu was rather limited and basic, the portions small, the place itself a bit dull. The price for the menu is indeed on the low side, but other places offer menu del dia as well, but with better food. Wouldn't recommend this place. [read more](#).
