What [User](#) likes about Tomodachi:

This is a very good Japanese [sushi](#) place. The owner is half Japanese. I have eaten [sushi](#) in Japan and many US cities (best was in Hawaii). This is very good, except that the selection, as in whole Chile, is not as big as in the USA. I recommend the Chirashi Sushi Plate for 7,500 CLPs. About \$10 at 690 clps to a dollar. See the photo below. Your bowls (see my previous review) are also good purchases. [read more](#). In the kitchen of Tomodachi in Vina del Mar, original *Asian spices delicious traditional dishes* are prepared, and a lot of fresh vegetables, fish and meat are used to prepare easily digestible Japanese dishes. Undoubtedly, the highlight of this restaurant is the delicious Sushi such as Maki and Te-Maki, Furthermore, the customers love the creative combination of different dishes with new and partially experimental ingredients - a nice example of successful Asian Fusion.
